To our dear sister Catherine:

We hope that this letter gets to you while you are in good health. We received your letter dated March 17 concerning our nephew and the registered mail containing George's passport and the cheque. We sent the passport to the lawyer and informed him about how long George has been outside the country and that he is currently in Bethlehem with our father "Abdullah Mikhail Saade". We put our father's name and address as the contact in case the (Spanish?) Mexican Consulate calls to inquire about the boy's status. We urged them in Bethlehem not to talk about the case with anyone; we don't want the boy's relatives to find out, just to avoid any problems or delays. Let's hope that everything goes smooth.

Your brother,

Nicolas Saade (Mexico, April 1938)
